

# Product datasheet

A0582000  
828U BECCACCIA 20GA/3" 26" CYL/IC LOP 365 EUR

## General information

|                          |                                |                       |                                                                                                                                                 |
|--------------------------|--------------------------------|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Gauge/Caliber:           | 20                             | Weight (Kg) (± 100g): | 2.65000000000000000000                                                                                                                          |
| Recoil pad:              | Soft Poliyurethane             | Stock:                | Hunting Pistol with Progressive comfort system                                                                                                  |
| Stock and Forend Finish: | Wood Fx Walnut Wood            | Checkering:           | Peacock tail                                                                                                                                    |
| Comb:                    | Low Polyurethane               | Drop at comb:         | 35                                                                                                                                              |
| Drop at heel:            | 50, 55, 60 (B mounted), 65, 70 | L.O.P.:               | 3650                                                                                                                                            |
| Barrel Lenght:           | Steel Shot 66/26               | Packaging:            | Techno-polymer case: drop and cast kit, key for detachable trigger group, kit of chokes and wrench, Ben oil, manual, spare parts list, warranty |
| Barrel Finish:           | Blued matt                     | Trigger pull:         | 1.700 (1st trigger); 1.700 (2nd trigger)                                                                                                        |

## OUSBS Details

|                |                                                                |                        |                                        |
|----------------|----------------------------------------------------------------|------------------------|----------------------------------------|
| Chamber:       | 76 mm - 3"                                                     | Cast:                  | LH 3/6 mm /RH 3/6 mm                   |
| Trigger Group: | Detachable                                                     | Bore (mm):             | Power Bore 15,7/15,9                   |
| Rib:           | Ventilated Carbon fibre Flat                                   | No Chokes:             | 4                                      |
| Chokes:        | INTERNAL 70 mm CRIO M (***); IC (****); CYL (*****); Ampliator | Sight:                 | Long green high visibility front sight |
| Safety:        | Manual                                                         | Action:                | Nature brown anodized Aluminum alloy   |
| Forend iron:   | Steel Blued                                                    | Extractors / Ejectors: | Extractors                             |
